Sugar Responds.

American Sugar was prompt to respond favorably to the published reports that the statute of limitations had been found to operate as a bar to proposed oriminal prosecution by the Federal authorities for the nets disclosed in the Pennsylvania Refining Company's litigation. The advances in both classes of the sugar stock were followed by American Beet Sugar and then by a large number of minor inquistrials.

The metal mining and smelting group was affected first in the copper and smelting sections. Reports of bettering conditions in the lead market, owing to the working down or stocks on hand, the resulting prospects of a rise in the prices, were an influence in this movement. Use was made of the claim that such an improvement in the lead market is a manual for copper. The copper stocks consequently shared in the strength caused by the lead advances, although immediate reports from the ecoper trade were less satisfactory, and prices of the metal declined in London.

There was current again in the Stock Exchange district an often prevalent fumor of a proposed combination of a large number of companies outside of the United States Steel Corporation which are concerned with the iron and steel industry. The recurrence of this rumor had the effect of advancing the price of United States Steel Corporation which are concerned with the iron and steel industry. Market Little Ruffled.

Money markets are so little ruffled by the near approach of the half yearly settlements that the promise of susianing abundance has some stimulating effect on the securities market. There were slight, advances; to-day in the private discount rate in Paris and in Berlin, but the rates in London receded, and the extreme case of the New York money market was undisturbed. The rising tendency in the wheat market was in face of highly encouraging advices regarding the grain crops. The good crop news was of some help to stocks. The large influence of the market.

Would YOU not like to leave (after your death) a pension—or life income—of \$100 a month to your wife, son, daughter, father, mother, or some other dependent?

You can do this by making a small annual deposit with The Equitable Life Assurance Society—one of the strongest financial institutions in the world—which, on the 26th of next July will round out a Half Century of successful progress.

During these fifty years it has returned to policy-holders and their dependents upwards of \$656,000,000. Are YOU not as much concerned about your family as the government is about the wives and children of its soldiers?
